Log multiple students in to the Schoology app on the one phone

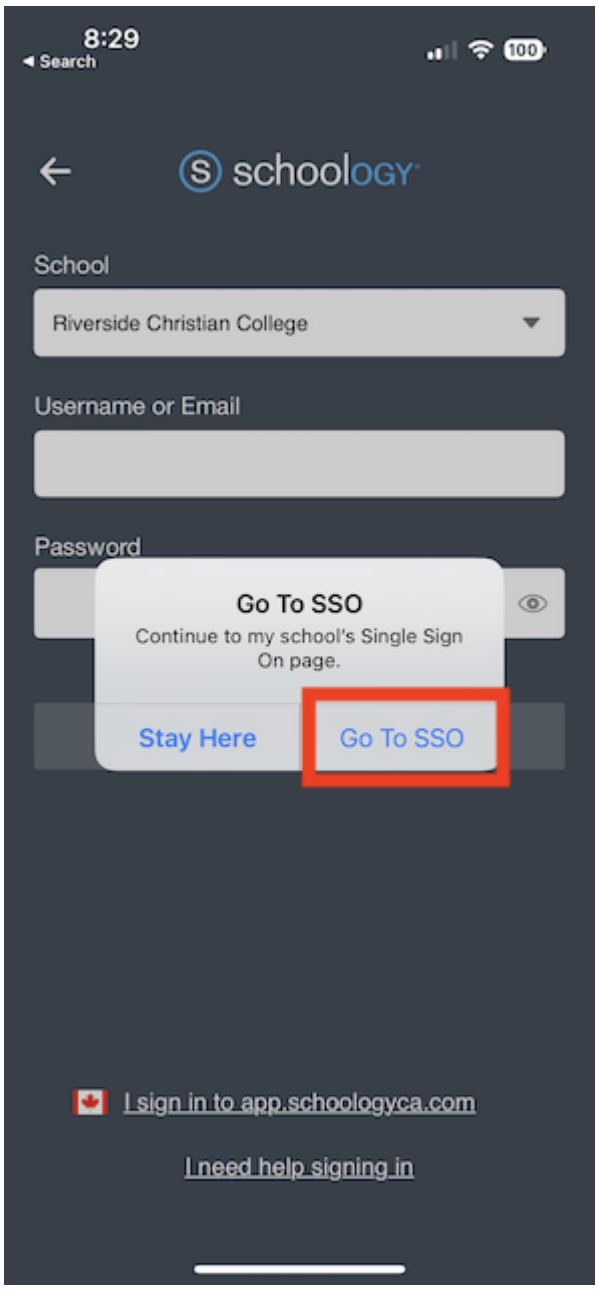

Andrew Storrs - 2023-02-03 - Canvas

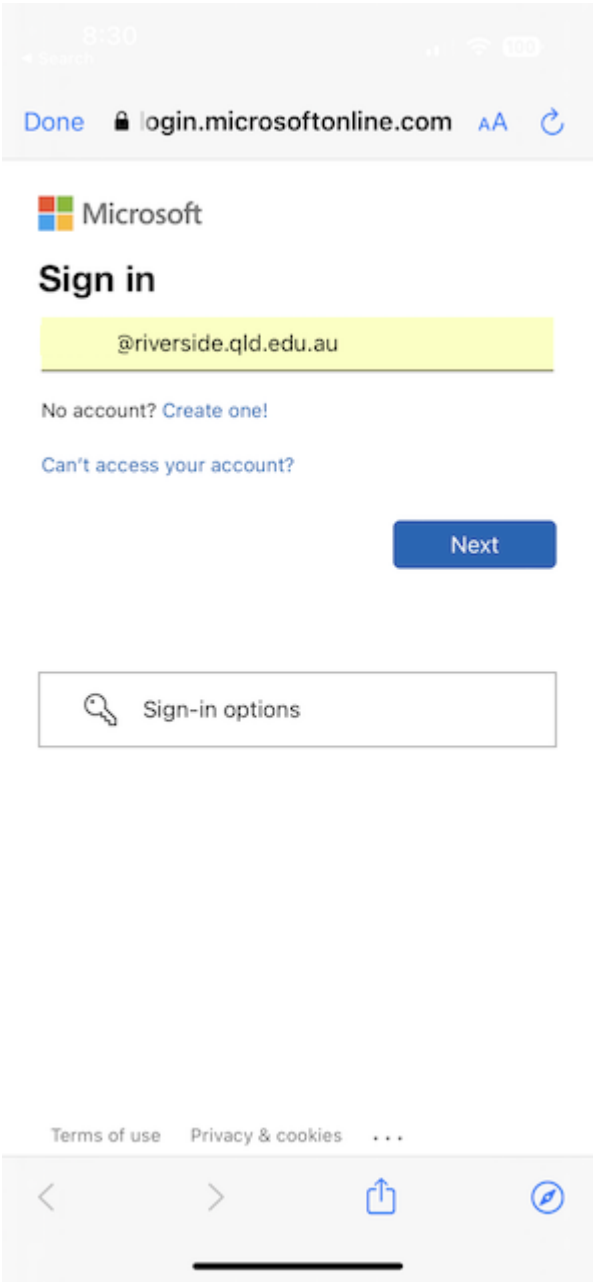

The Schoology app is a great tool but is a little hard to use when you have multiple students sharing the one phone. It can be done and this article shows you how.

You may have to clear you cache and cookies if you have previously signed into Schoology in your mobile browser.
(https://www.cnet.com/tech/services-and-software/how-to-clear-your-cache-on-iphone-and-why-you-should-do-it/)

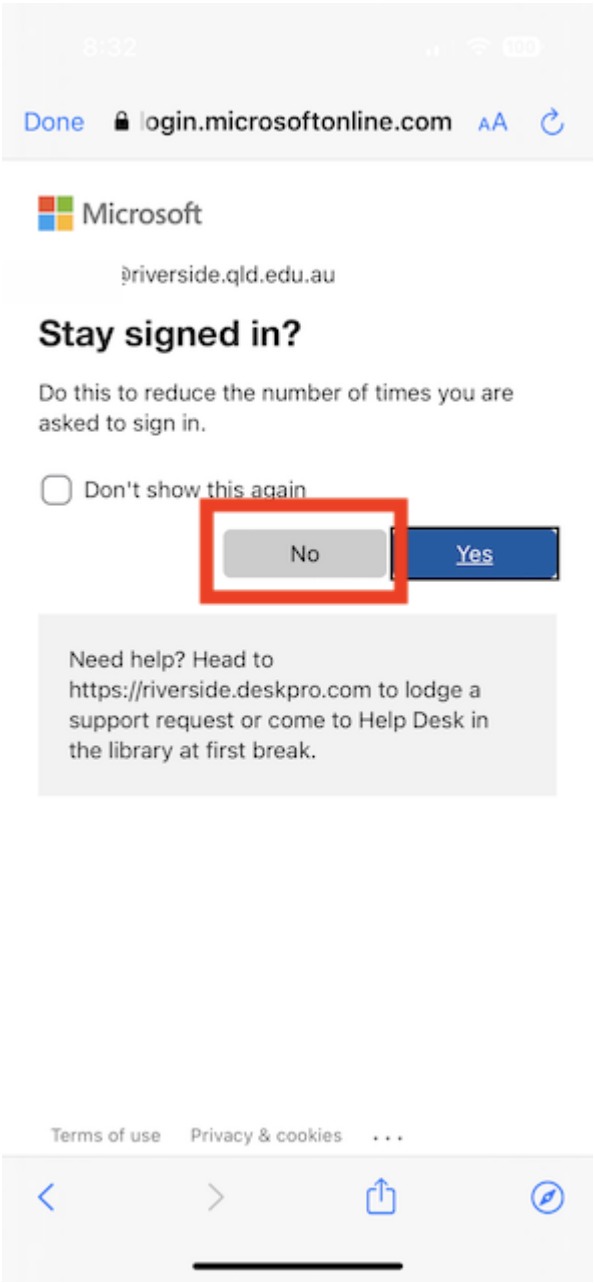

Open the app and sign in the first student.

When you return to Schoology you should be the 2nd user.

This is quite cumbersome but it is one way that works. Phones are individual devices and updates sometimes change the way things work. Please submit a help desk ticket if these instructions don't work for you.
